SCIENCE LECTURE IS NEXT LYCEUM NUMBER

COMES DECEMBER 2

"Army" Ambrose Will Perform Several Radio and Other Electrical Experiments.

Friday, December 2 "Army" Ambrose will give the second program of the series for the season of the 1927-28 Lyceum Lecture Course. He is presenting a scientific lecture demonstration. One of the spectacular features of the program is an up-to-date demonstration of the control of mechanical operations at a distance by radio. In doing this the lecturer will go out in the audience and take a spark sending outfit and by means of the radio waves generated by it will run a flag up a pole, light a cluster of colored lamps, fire a cannon, and start a phonograph playing a popular national air.

He will do many other stunts with electricity, including the welding of nails together, permitting the current to pass through his body. He will hold two carbons in his hand and form an electric arc light and demonstrate many extraordinary scientific principles.

Ambrose gets a thrill out of his work. "My business on the platform," (Continued On Page Seven).

HOME ECONOMICS CLUB HOLDS SOCIAL AFFAIRS

Though New Club is Member of Both State and National Home Ec. Association.

Two social functions, one a tea held on November 12 and the other a regular meeting held on November 14, have been given by the Home Economics Club in their department in Lambert Hall. This club, organized at Otterbein for the first time last year, is a part of the state and national Home Economics organization, and includes within its membership all those junior and senior girls who are majoring in Home Economics.

NO ISSUE OF TAN AND CARDINAL NEXT WEEK

There will be no regular issue of the Tan and Cardinal Tuesday, November 29, following Thanksgiving. Vacation lasts from Wednesday noon to twelve o'clock the following Monday. The major part of the work of getting out the paper takes place over the week end and it will be impossible to publish an issue so soon after vacation.

A Thanksgiving Proclamation

"Under the guidance and watchful care of a divine and beneficent Providence this country has been carried safely through another year. Almighty God has continued to bestow upon us the light of His countenance, and we have appeared. Not only have we enjoyed material success, but we have advanced in wisdom and in spiritual understanding. The products of our fields and our factories and of our manifold activities have been maintained at a high level. We have gained in knowledge of the higher values of life. There has been advancement in our physical well-being. We have increased our desire for the things that minister to the mind and to the soul. We have raised the mental and moral standards of life.

"We have had the blessings of peace and of honorable and friendly relations with our sister nations throughout the world. Disasters visiting certain of our states have touched the heart of a sympathetic nation, which has responded generously out of its abundance. In continuing to remember those in affliction we should rejoice in our ability to give them relief.

"Now that these twelve months are drawing to a close, it is fitting that, as a nation, and as individuals, in accordance with time-honored sacred custom, we should consider the manifold blessings granted to us. While in gratitude we rejoice, we should humbly pray that we may be worthy of a continuation of divine favor.

—Calvin Coolidge.

REGISTRAR ATTENDS ASSOCIATION MEETING

Otterbein's Registrar, Professor F. J. Vance attended the annual meeting of the Ohio Registrars and Examiners, held at Oxford last Friday and Saturday. The convention was entertained by the three colleges located at Oxford, Miami University, Western College for Women and Oxford, the purpose being to discuss and seek solutions for the problems that commonly face the college registrar.

Professor Vance appeared on the program during the discussion of "The Collegiate Registrar's Function." He read a paper on the subject, "The Function of the College Registrar in Relation to Faculty and Students." The annual convention was held at Cleveland last year. Professor Vance is a member of the National Association of College Registrars also, which will meet some time within the next few months in Cleveland.

TAN AND CARDINAL TO COMPILE GRADE CHART

Sponsors Will Present Loving Cup To Club Having Highest Point Average.

Letters have been sent out to all the social groups asking for the roster of all active and pledge members of the groups, in order that a grade chart may be compiled, showing the comparative standing of each club, scholastically. The standing of each club will be printed in the next issue of the Tan and Cardinal.

A loving cup will be given to the social group which has the highest rating at the end of each semester. This first chart will have no bearing on the awarding of the cup, but it will serve to show each group how it compares with the other clubs on the campus. A committee, appointed by the head sponsor to determine the merits and conditions on which the cup would be awarded, announces that the following articles will be observed in picking the winner of the trophy:

MEMBERSHIP DRIVE FOR Y. W. HELD LAST WEEK

165 GIRLS SIGN PLEDGE

Cards Embody Pledge to Association As Well As Activity Chart for Cabinet Use

Beginning last Wednesday after chapel, the annual membership drive for Y. W. C. A. was continued throughout the week and resulted in the signing of 165 membership cards, 59 of which were signed by freshmen. A check up on Friday showed that only 20 freshman girls had not returned membership cards, and these were to be interviewed personally over the week-end.

All girls were asked to remain after chapel Wednesday, and Verda Evans took charge, embodying in her speech a concise representation of the organization, its ideals and purpose, and a plea for every girl to join.

The membership card, this year, served a two-fold purpose. The first part of the card was an activity chart, or a list of activities in which Otterbein girls are most interested, and each girl was asked to designate the ones which she liked best. This information will be used by the cabinet in making out the programs for the coming year. (Continued On Page Five.)

GRADE CARDS WILL COME OUT WEDNESDAY

Mid-semester grades were in last Wednesday. According to an official report from the registrar grade cards will be given out during chapel tomorrow morning. Plus and minus grades were given at mid-semester, in order that students may know whether there is a possibility of raising or lowering the grade by the end of the semester.

Ten Seniors Graduate From Varsity Squad

Grid Captain for Next Year Not Yet Elected

LETTER-WINNERS UNKNOWN

Several Have Played Three Years Under Tan and Cardinal Colors.

After officially ringing down the curtain of the football season for Otterbein at Heidelberg, a check up shows that there were ten seniors who bore the colors of the Tan and Cardinal during the past season. Several of these men who will graduate next June have played football for the last three successive seasons.

So far a captain for next year has not been chosen. Just who have won letters has not been announced by the Athletic Board, although it is known definitely how many men have played enough quarters to merit a Varsity "O". Formal action by the Athletic Board is necessary before it can be officially announced who the letter-men are.

Sketches of the football experience of the seniors follows.

"Jew" Crawford—Center

"Jew" played his final game for Otterbein last Saturday at Heidelberg. He also played three years and this year filled the role of captain. He played center his first and third years but directed the team play at quarterback one year. No man on any athletic team could have put more pep into his men than "Jew" in his three years of participation. He has only failed to play one game, and that because of injury to his foot, while a member of the football team. His determination and ability will be remembered for many years in the athletic history of Otterbein.

"Tubby" Minnich—Halfback.

A backfield man who saw service at various positions will be lost through graduation in the person of "Tubby" Minnich. Minnich participated in football all four years, playing in both the Freshman-Sophomore tilts for which he was eligible. He also was on the court squad two years, although he did not see enough action to earn a letter.

"Red" Pinney—Half-Back

Hubert has also graduated from the game. He is a three letter man in football having played at end and in the backfield. Last year he did a little of the punting and this year handled the task real well. His punts pulled the team out of some bad holes. He has played in all the games since he became a member of the squad.

"Red" Gearhart—Left Guard

"Red" played some nice football at guard for two years. He had never played a game of football before he went out for the team his junior year. He has developed into a stalwart lineman and his place will be hard to fill next year. Injuries handicapped him a little this year but he overcame them to the satisfaction of all the people who watched him play at Heidelberg.

Lawrence Hicks—Guard.

After working hard for three years to learn the game, Lawrence Hicks was rewarded with a position on the squad this fall seeing some service at guard. Hicks is also a track man having earned his "O" in the two mile run last spring.

"Ernie" Riegel—Right End.

"Ernie" has been out for football every year and has played as a regular for the last three years. He was out of the game at times due to a bad knee but played well whenever he had the opportunity. Besides participating in football he is a basket ball man and holds the javelin record in field events.

Louie Norris—Left Tackle.

Louie started in playing football at the first call for men for the Frosh squad and has played consistently since. He was unable to play as a Junior because of the press of other activities. This year he again came out and made the varsity. Much credit is due Louie for always having played the game clean and hard.

"Coke" Schott, Halfback.

An injury at Muskingum kept "Coke" Schott from getting in enough games to earn a letter this year, although he was a letter man in football last season, playing in the backfield. He also won a letter in baseball, playing behind the plate and at second base. He was out for basketball, but did not earn his letter.

"Bob" Knight—End.

Robert Knight had his first football experience this year under the tutelage of Coach Sears and made a fine showing. When Sears issued his call "Bob" answered and showed a fine spirit and although light and inexperienced got in several of the games and played excellent ball. Bob, however, did not play enough quarters to earn a letter.

Waldo Keck—Manager.

Waldo Keck finished out his fourth year of managership as senior manager of the football squad this fall. Keck has also taken part in track for the past two years, although he did not receive a letter. He ran the mile and the two mile relay at the Ohio Relay meet.

INITIATION HELD FOR NEW ATHLETIC OFFICERS

Formal Initiatory Ceremonies Are Held For All Active Members on Friday.

Officers were initiated into the Women's Athletic Association Wednesday Nov. 9. Viola Peden was made president; Dorothy Patton, vice-president; Josephine Drury, secretary-treasurer; Ruth Trevorow, business manager; Verda Evans, assistant business manager; Doris Wetherill, senior representative; Leila Griffin, junior representative; Helen Ewry, sophomore representative, and Mary Mumma, freshman representative.

Friday night the formal initiation of officers took place. The following girls have completed the athletic and scholastic requirements and are now active members: Ruth Weimer, Lela Moore, Florence Wardell, Josephine Stoner, Dorothy Schaeffer, Leona Raver, Mildred Murphy, Ruth Moore, Faith Baker, Mabel Plowman, Maurine Knight, Nitetis Huntley, Ethel Shreiner, Ruby Emerick, Ruby Bruner, Marguerite Knapp and Lillian Shively.

The W. A. A. is getting well organized and promises some diverting work for the girls who are interested in athletics in any form.

WITTENBERG MAY WIN OHIO CONFERENCE GRID HONORS

MUST TRIM DAYTON TO CINCH THE PENNANT

With the 1927 gridiron season for Ohio Conference football practically over, Wittenberg is making it comparatively easy to pick a definite Ohio conference champion this season. Wittenberg to date is unbeaten and untied by an Ohio conference opponent. Its remaining conference game is with Dayton November 24, at Dayton.

Wittenberg is quite likely to definitely win the championship, since she has already cinched the Buckeye Athletic Association championship, having gained victories over Miami, Ohio U. Ohio Wesleyan, Denison and Cincinnati.

Muskingum, having beaten Marietta in its final game, is in second place, credited with seven victories and one defeat. Should Wittenberg fall before Dayton Thanksgiving Day, Muskingum may lay claim to the Ohio Conference title for the second successive year, for it has played more conference games than any other team.

St. Xavier has a clean slate in the Ohio Conference but can not be hailed as a contender for the flag, as she has only played one conference game this year.

Miami, who at the beginning of the season was picked as a possible winner only received one defeat and that at the hands of Wittenberg.

Ohio Wesleyan, in spite of its wavering record, is not far behind Wittenberg, Miami and Muskingum. Wesleyan was the first to cross Wittenberg's goal line this season and many Ohio Wesleyan men firmly believe that Wesleyan has the greatest squad in the conference today, in spite of its defeat by Wittenberg.

Wittenberg should have no difficulty defeating Dayton since Miami, having beaten Dayton, was in turn set back by Wittenberg by an overwhelming score. However the worm may turn as Ohio State rooters hoped Saturday at the Illinois game.

Otterbein ranks fifteenth in the Ohio Conference standing, having won two

and lost four. The games yet to be played in the conference will not likely affect Otterbein's position.

RESUME OF GRID SEASON SHOWS BUT TWO WINS

A review of the football season which is now history discloses the fact that the Tan and Cardinal grid men played a schedule of seven games of which two were won, four were lost and one tied. When Coach Sears first called his men out to practice about the middle of September the thermometer stood up to the 90 degree mark for the first week. However about 32 men reported.

The heavy Bowling Green team opened the season with a game on the local field. The final score was 0-0. It is safe to say that the team had not yet reached a very high point of efficiency but they met a very tough foe in the upstate men. Captain Knecht, a 236 pound guard, and fullback Leitman were outstanding men for Bowling Green. In that game Otterbein was penalized for a total of 84 yards which had much to do with their failure to win.

Miami University defeated our men a week later at Oxford by the score of 33-0. The Big Reds displayed the most powerful offense seen by Otterbein in all the schedule. In that game Sharkey, Miami's fullback made four touchdowns.

Perhaps the most heartbreaking game of the season was the one played at Marietta Oct. 8, which was lost by the score of 6-0. The score stood at nothing all when there were but four minutes to play. Marietta used a "sleeper" pass play which made the winning touchdown.

After the Marietta game the team really began to show form. Baldwin-Wallace played here before a large

THIRTY MEN REPORT FOR BASKETBALL JOBS

Captain Buell, Barnes, Seaman and Riegel Likely To Form Core Of Varsity Squad.

The first call for basketball candidates was given last week by Coach Sears, and about thirty men responded. There are still several football men that are expected to report immediately following the Thanksgiving recess.

Preseason predictions are always hazardous and open to much criticism, but one may safely say that Otterbein's basketball prospects are far from dark. With Captain Buell, Barnes, Seamen and Riegel to form the nucleus of a team, and a host of sophomore candidates to draw from, Coach Sears should have no difficulty in securing material for a successful season.

crowd on Homecoming Day but were defeated by the superior ability of the Otterbein men. Led by the brilliant Smith B. W. made a touchdown quickly in the first quarter; however Miller made a touchdown and point after touchdown in the next quarter. In the third quarter Hankinson made another touchdown and the game ended in a victory 14-6.

A week later Muskingum won from us by the score of 27-0. The Muskies used end runs and center plays to (Continued On Page Five.)

SENIORS WIN SPEEDBALL CHAMPIONSHIP EASILY

The speedball league closed its season the week of "the burning of the stadium" with the senior team still leading the league by virtue of their final decisive victory over the sophomore team. In this game the sophs were hopelessly outclassed, the seniors running up 39 points to the sophs' 9.

The senior team finished the season with a percentage .833, having five wins and only one loss in six games played. The sophomores lost three games out of six, and the frosh won four out of the six played. A loss was charged to both the sophomores' and the juniors' team when neither team reported on the field for the scheduled game.

THANKSGIVING

In this day of ever increasing holi-
days, their true significance is apt to
be obscured. Shall Thanksgiving be
thought of as just one of the series of
holidays that fills each year, or is there
a real reason for its observance?

Thanksgiving is an unique holiday.
Every man's life should be a continual
process of unfolding. It should be
worth a great deal more each year than
it was the preceding one. Students in
Otterbein ought to be advanced to-
ward the goal of a well rounded per-
sonality a little farther each year.

In most cases this is true. If it is
true, it follows that there are a multi-
tude of circumstances that might have
intervened and prevented them from
getting what they have from the year
that has passed.

A glance at the difference between
what comparative luxury and ease the
average student enjoys and the cir-

cumstances the great horde of people
who are able to eke out a bare exis-
tence, are forced to endure, ought to
be ample cause for reflection. Too
many students take their relatively
comfortable existence for granted,
thinking the world owes them what
they have, and even more.

ADMIT ERRORS

Some support seems to be in evi-
dence lately, of the doctrine, "Happy
is the man who can avoid blame for a
mistake."

Twice during the past week an-
nouncements were read in chapel stat-
ing that certain items appearing in the
last edition of the Tan and Cardinal
were incorrect. It is true enough that
they were wrong, but in neither case
was the error due to the inefficiency
of the staff. Plans were changed after
the items were turned in to the paper.

The staff is willing to take the blame
for its own errors, but it does not as-
sume responsibility for inaccuracies

caused by the changing of plans of an
organization or incorrect announce-
ment of a coming event.

TIMELY TOPICS

Dear Editor:

In reply to the article under Timely
Topics in the November 8th issue of
this paper, I would like to say just a
few words concerning this in-coming
student of last semester, in defense of
the two speakers who presented the
ideals of the Y. M. C. A. in chapel.

In the first place why lead the horse
to the water if he hasn't initiative
enough to find it himself? It is un-
fortunate that this individual has so
much initiative that it blinds him in
seeing the underlying principle which
was involved in putting on the "Y"
campaign just as it was. If the new
student would come to the "Y" meet-
ings he would see that the Y. M. C.
A. here is not composed of members
who were asked to sign on the dotted
line on the spur of the moment by a
high-powered wholesale campaign;
rather he would see that these fellows
were men who after studying the thing
over and after having had a personal
and private interview with a "Y" cab-
inet member or persons of the mem-
bership committee, had signed delib-
erately to do their best in living up to
the "Y" standards. It was not the in-
tention of the two speakers to earn
their bread and butter or to gain per-
sonal honor in signing up a wholesale
group of members but only to have
the fellows assemble together in a
common cause and then present the
history and ideals of the Y. M. C. A.
in a clean manner and to let them think
it over so that they would know why
they were joining the "Y".

We were priding ourselves on hav-
ing such a quality and also a quantity
of members gained by this new method
of presentation, when along comes a
student and says that we lack judg-
ment and initiative. We realize that
conditions are not ideal here but why
destroy the good, get on the inside
and help to do a little constructive
work and then the uplift of the college
will be the ultimate result.—E. F. R.

SPECIMEN OF SWAN ADDED TO MUSEUM

Through the consideration of the
federal game protector another fine
specimen has been added to the ever-
growing museum in the Science build-
ing. This time it is a whistling swan
whose native home is in the Chesapeake
Bay region, but which is rapidly ap-
proaching the state of the trumpeter
swan, rarely known. Theretofore its
life is protected by federal law.

However if one is found dead by the
federal game protector, and if the de-
partment of biological survey has no
use for it, the protector may give it to
any legitimate museum. By this
means Professor Schear was able to
secure it.

HOME ECONOMICS CLUB HOLDS SOCIAL AFFAIRS

(Continued From Page One).

The tea, held from two until five o'clock November 12, was given by the club members to the women faculty members, faculty wives, and all those girls enrolled in the Home Economics department.

The club session held on November 14, was not only the first regular meeting held this year, but it is the first meeting to be held by the club since its founding. The program consisted of three talks. Miss L. M. Hoerner spoke on "Echoes of the National Convention at Ashville," and Mrs. Barnhill, Dean of Saum Hall, used "The Charm School" as her topic. Ruby Emerick concluded the program with "Suggested Programs for the year."

The officers for the club are: President, Alice Blume; Vice President, Ruby Emerick; Secretary, Helen Cover; and Treasurer, Ruth Trevarrow.

O C COUNCIL DRAWS UP RESOLUTION ON BURNING

To allay a possible sentiment similar to that expressed several days ago in a Columbus paper editorial relative to the burning of Otterbein stadium, the student council passed the following resolutions.

"Inasmuch as we believe that the students of Otterbein College regret very much the loss of the grandstand on Otterbein's athletic field, we, the student council, representing the student body, hereby express our thorough disapproval of this recent apparent act of arson."

Frosh Game Date Uncertain

No date has been definitely set for the freshman-sophomore game, which had to be postponed last week, on account of bad weather. However it is possible that the game may be played this afternoon, if the captains of the two teams agree to compete.

O C RESUME OF GRAD SEASON SHOWS BUT TWO WINS

(Continued From Page Three).

In the sixth game of the year Otterbein defeated Capital at Westerville by the rather onesided score of 39-12. Capital found the going extremely difficult so that they resorted to passes. They tried 23 of these. Sumption was the outstanding Capital man. For Otterbein Saul, Miller, Pinney and Lee made rather long runs one gaining over 40 yards.

On November 12 Otterbein was beaten 13 to 0 by Heidelberg in a game at Tiffin. This game was featured by the speed of Kramer in Heidelberg's backfield and also by the lack of observance to rules of etiquette on the field as the game was very rough.

Ten months away is the beginning of the 1928 season. Otterbein may contemplate the future with pleasure for many of the sturdiest men on this year's team were sophomores and juniors. More than that the Freshmen are fighters. Several of them are sure to star in Ohio Conference football in the next three years. However many things may happen to hurt our hopes before next year.

The team only won two games but it made a much more creditable showing than last year. More points were scored in the Capital game than have been scored for several whole seasons.

O C ASSOCIATION TO SEND DELEGATES TO DETROIT

Nearly every year either the Y. M. C. A. or the Student Movement puts on a national student conference. This year there will be a student Volunteer Convention held at Detroit from December 28 to January 1. Various phases of missionary work will be discussed.

Otterbein has been represented at these conferences for the last few years. Last year six representatives from Otterbein went to Milwaukee. The Y cabinets plan to send some students to the conference at Detroit but so far the personnel of the delegation has not been determined.

ALICE BLUME LEADS C. E.

Alice Blume led C. E. section A, with a Thanksgiving program. In the absence of the pianist and song director she appointed Dorothy Wainwright and Viola Peden to fill these places.

After a short talk by the leader on the general subject of Thanksgiving, the following talks were given: "Thanking God for Material Blessings", Frances Hinds; "Curses Turning into Blessings", Karl Kumler; "How we can make other People Thankful", Dorothy Wainwright; "How to get into the habit of being Thankful", Clyde Bielstein; "How to make people thankful for blessings while they have them", Elizabeth Lee; "Blessings we are most unthankful for", Irene Bennett.

Elma Harter furnished the special music with a vocal solo.

O C Varsity "O" Gives Movie

Last night and tonight the Varsity "O" is presenting the play "Les Misérables" at the State Theatre, in order to reimburse the somewhat depleted treasury. Two showings are being given, one at 6:00 and one at 8 o'clock. Tickets may be gotten from any Varsity "O" man. This is the second picture put on by the Varsity "O" this year.

MRS. FLORENCE JOHNSON GIVES PICTURE OF WORK

The old gymnasium is a busy place these days. Every effort is being put forth by the direction to develop the physical side of the student.

Mrs. Florence M. Johnson is busily engaged with the girls who seem to be enthusiastic over their program.

For the benefit of those who can not visit the campus Mrs. Johnson was asked to briefly outline her work.

"One of the most interesting phases of the Women's Physical Education work at Otterbein in the newly organized Women's Athletic Association which is growing out of the former Girls' Leader Corps. The latter was open to a select few, the former, with its point system is open to every girl in the College who is at all interested and can keep up her scholastic record. DR. BOWER NAMED HEALTH DIRECTOR

Dr. Raymond E. Bower, '95, of Chillicothe has been elected health commissioner for the general health districts of Ross county and Chillicothe by the boards of health of these districts, according to word received at the Ohio department of health Thursday.

Dr. Bower is a graduate of the medical school of the University of Illinois in the class of 1901 and has been a practicing physician in Chillicothe for a number of years. He succeeds Dr. Gilbert E. Robbins who died last month.

Athletic Association is three fold:

First. The promotion of interest and participation in games, athletics and all forms of physical activity which make for health and efficiency.

Second. The development of ideals of good fellowship, real sportsmanship, fair play and recreational habits.

Third. To afford training for those who may be desirous of becoming teachers of Physical Education.

Membership is open to all women of the college. The requirements for admission being as follows: a candidate must be able to present two hundred athletic points (of which I shall speak later). She must have been in College for at least one semester and must carry fourteen hours of work, having an average of C in twelve hours. This third provision must be maintained at all times.

Honors are awarded as follows: any member who has won four hundred points, is eligible for a numeral; eight hundred points, the coveted "O"; one thousand points, membership in the Leaders' Corps—the highest honor in the organization.

These points are awarded on the following basis:

1. Basketball.

1st team, 100 points.
Squad, 25 points.
All Star, 50 additional points.

2. Volley Ball.

1st team, 50 points.
Squad, 15 points.

3. Cage Ball.

1st team, 35 points.
Squad, 15 points.

4. Tennis.

7. Hiking.

100 miles during school year, 100 points.
Or 40 miles in one semester, 25 points.

As you can see, our intra-mural program is varied enough to appeal to practically every girl who has any interest in athletics. As our gymnasium facilities are developed, we hope to add other sports to our intra-mural list.

In our first intra-mural game, volleyball, we have ten teams of nine girls each or a total of ninety girls participating in this one sport alone. This may be taken as an indication of the great interest aroused by our Women's Athletic Association. The members of the Women's Athletic Association Cabinet officiate at the games. This in itself is valuable experience for them, but the greatest value is in the attainment of the high purpose of the organization. If each girl can live up to our motto—then that will make the organization worth while. You ask what that motto is? Here it is—it needs no explanation."

Playing the Game.

"We can all play a winning game, Some one is sure to lose; Yet we can play, so that our name, no one may dare accuse. That when the Master Referee scores against our name, It won't be whether we've won or lost, But how we've played the game." Downie.

FRESHMAN CLASS HOLDS PARTY AT KING HALL

Decorations Are In Green, Tan and Cardinal, Have Short Menu of Brief Speeches.

At 8:00 Thursday evening, almost a hundred freshmen assembled at King Hall for their first social gathering of the year. In spite of the disagreeable weather, the greater majority of the class were present.

Professor Spessard and his wife, and Dr. and Mrs. King were the chaperons of the party.

Alvin Harrold acted as Master of Ceremonies, being Chairman of the House Committee, assisted by Mary Hummell, Olive Shisler and Dale Roose. Glenn Beard acted as chairman of the refreshments committee, assisted by Richard Kintigh, Dorothy Schrader and Ethel Shelley. The decorations were quite unique; the main dining room as well as the lounging room was decorated with Green and Tan and Cardinal. On the committee were, Orland Hook, chairman; Otis Ranson, Alton King, and Glenn Duckwall.

Short speeches by Professor Spessard, "Buc" Hughes and David Burke added to the zest of the party. The party was originally planned to celebrate the Frosh-Soph game, which had to be called off, until a later date, because of bad weather.

Helpful suggestions by Dr. and Mrs. King added much to the success of the affair. Refreshments consisted of grilled ham sandwiches, hot chocolate with marshmallows and ginger cake with whipped cream.

"ADMIRABLE CRICHTON" PRESENTED BY JUNIORS

SATURDAY EVENING

Wendell Williams, Playing Title Role,
Outstanding Actor of
Play.

"The Admirable Crichton," a comedy in four acts by the well-known playwright, J. M. Barrie, presented by the Junior Class in the chapel last Saturday evening proved to be an interesting drama, although as a whole the acting scarcely did justice to the play. Starting out with a slow first act in which the members of the cast displayed a slight lack of enthusiasm, the actors gradually found themselves and in the third and fourth acts gave a very creditable performance.

The problem of the play concerned the social status of servant and master. When Lord Loam and members of his yachting party were shipwrecked on a desert island, Crichton, who has been the family butler, became the natural leader of the group. All acknowledged his superiority, and for two years revered him as "governor." The party having been rescued, Crichton became once more the perfect servant, and the rest resumed their former attitude toward him excepting Lady Mary for whom the experiences on the island had resulted in a great awakening of character.

Wendell Williams as Crichton was easily the outstanding figure of the play. With a beautiful speaking voice, and sincerity of characterization, he made the butler a truly admirable hero. The part of Lady Mary was taken by Edna Hayes, whose outstanding qualification was a sympathetic voice. Clinton Taylor as Hon. Ernest Woolley found himself in the third act, and was good for a number of laughs. Lillian Shively made the most of a minor part, appearing at ease as Lady Brockelhurst, a domineering dowager.

Other members of the cast who did well in parts of moderate importance were Stanley Kurtz as Lord Loam, Herbert Holmes as Lord Brockelhurst, Ethel Shreiner as Tweeny, Nitetis Huntley as Lady Agatha, Ruth Moore as Lady Catherine, and Philipp Charles as John Treherne. Minor roles were played by Vira Dunmire,

finally reached the age of helpfulness and consent and can get her own fur coat.

The Home Ec Club is under contract to make coats of the pelts stripped from the furry denizens of the animal kingdom. An army of trained workers await the return of the followers of Diana and bend over their needles in suppressed excitement and keen anticipation of the work before them.

The gold-digger of yesteryear is forgotten in the go-getter of this year. The 20th century maiden has stepped from the ranks of the inhibited and taken the musket from Leroy and Reginald for the sake of preserving the species.

Campus sheiks will be rated by the number of lucky left foets they carry as tokens of various things as presented by our modern Diana.

No more can we raise our eyebrows as we hear the statement "She's a pure college girl but she has two fur coats" but rather we bow the knee in quiet recognition of the superior marksmanship of Kate the Ko-ed.

In a System of Education"
Is Main Theme.

About sixty faculty members and wives were present at the meeting of the Faculty Club held on Monday afternoon in Lambert Hall. The entire top floor consisting of the Art and Home Economics Departments was thrown open for the occasion. The program consisted of an address by President Clippinger who spoke at some length on the topic "The Central Place of the Teacher in a System of Education." Refreshments were served under the direction of Professor May Hoerner, with Mrs. B. W. Valentine and Mrs. E. C. Bowman assisting.

The next meeting of the Faculty Club will be held Dec. 12, at which time Professor B. C. Glover and Dr. Charles Snavely will present a critical study of the results of Freshman Week.

PORTER SPEAKS TO INTERNATIONAL CLUB

"I am not going to give you propaganda, I am merely going to state plain facts." Thus Dr. Albert Porter of Westerville opened a most interesting address upon the Wet and Dry question last Monday evening at the first meeting of the International Relations Club this year. He continued by giving bits of early history of the temperance organization in our own country, as well as in other countries of the world. Many interesting customs were related.

Dr. Porter has been engaged for a number of years in Anti-Saloon League work, and therefore was prepared to give his audience authoritative facts.

This meeting was in the form of a dinner at Blennbrook Inn, carrying out the policy of the club this year, which is to meet one month at the faculty advisor's home for a discussion group, and the next month, to give a dinner at which a prominent person has been invited to speak.
